General Warranty Information

General Warranty Information

This document is a supplement to the model year 2026 USA Warranty and Maintenance Booklet. It contains information relative to the State of California Warranties. Please review this supplemental warranty information as well as the warranty information detailed in the model year 2026 USA Warranty and Maintenance Booklet.

The Warranties set out on the following pages are warranties which the manufacturer is required by law to furnish to you at the time you take delivery of your new vehicle. These coverages may also be included in the Audi 4 years / 50,000 miles New Vehicle Limited Warranty.

The Warranties required by Federal laws apply to all new Audi vehicles imported and distributed by Audi of America, Inc., an operating unit of Volkswagen Group of America, Inc. ("Audi") for sale in the United States, including its territories. The warranties required by the State of California law apply to all new Audi vehicles imported and distributed by Audi for sale and registration in the following states:

MY2026 Sect. 177 states

State	LEV IV	ZEV III
California	Y	Y
Massachusetts	Y	Y
New York	Y	Y
Oregon	Y	Y
Vermont	Y	Y
Washington (state)	Y	Y

Therefore, the owner of an above mentioned vehicle may have warranty rights under both Federal and State mandated warranties.

Please read these warranties carefully. If you have any questions concerning the applicability of each warranty to your vehicle or want to know whether a particular repair will be performed free of charge pursuant to these warranties, please see your local Audi dealership. Should you need help finding a dealer near, you, feel free to reach out to the Audi Customer Experience Center using your preferred method of communication at:

www.audiusa.com/help/contact-us

If you prefer to write, send your correspondence to the following address:

Audi of America, Inc.
Audi Customer Experience Center
3800 Hamlin Road Auburn Hills, MI 48326

You can also reach us by phone:

Tel.: 1 (800) 822-2834

Independent Dispute Resolution Program

Informal dispute mechanism

Audi participates in BBB National Programs, an arbitration program administered by the Council of Better Business Bureaus (1676 International Drive, Suite 550, McLean, VA 22102).

If you have a problem arising under any Audi written warranty, we request that you bring it to Audi's attention. If we are unable to resolve it, you may file a claim with BBB AUTO LINE. You are required to use the BBB AUTO LINE program before asserting in court any presumption set forth in California Civil Code Section 1793.22, and before pursuing any legal remedy under 15 U.S.C. 2310(d) with respect to the New Vehicle Limited Warranty. You are not required to use BBB AUTO LINE before pursuing rights and remedies under any other State or Federal law. Depending on individual State laws, you may or may not be required to use BBB AUTO LINE before pursuing rights and remedies under your State's lemon law. The BBB AUTO LINE program is free of charge to you, but there are some vehicle age and mileage limitations, so please call BBB AUTO LINE for more details.

To file a claim with BBB AUTO LINE, call:

Tel.: 1 (800) 955-5100 ▶

If you call BBB AUTO LINE, please be prepared to provide the following information:

– Your name and address
– The Vehicle Identification Number (VIN)
– The make, model, and model year of your vehicle
– The delivery date and current mileage of your vehicle
– A description of the concern with your vehicle

The BBB AUTO LINE program is an arbitration program. However, the staff will facilitate negotiations between the parties in an effort to bring your claim to a mutually acceptable resolution. If you do not agree with the solution, you may request an arbitration hearing. Arbitration is a process by which an impartial person makes a decision on your claim. The arbitrators are not connected with the automobile industry and serve on a voluntary basis. You may attend the hearing in person, bring witnesses, and give supporting evidence. Instead of appearing in person, you may request a written or even a telephone arbitration hearing. Please refer to the program materials for AUDI's independent dispute resolution program for the specific steps and timeframes followed by the program. You then have the opportunity to accept or reject the decision.

– If you accept the decision, the manufacturer will be bound by the decision and will be required to fulfill its obligation within the time frame specified by the arbitrator.
– If you reject the decision, you are free to pursue other legal remedies available under state or Federal law, and the manufacturer will not be required to comply with any part of the decision.

State-Specific Lemon Laws

Local laws

Each state has enacted warranty enforcement laws (commonly referred to as "lemon laws") that permit owners to obtain a replacement vehicle or a refund of the purchase price under certain circumstances. Although the provisions of these laws vary from state to state, their intent is to provide owners with certain rights if they experience significant service-related difficulties with their new vehicle.

IMPORTANT NOTICE: To the extent allowed by each state's law, Audi requires that the owner first send written notification to Audi explaining the nonconformity that the owner has experienced with the vehicle, and to allow Audi the opportunity to make any needed repairs before the owner pursues other remedies provided by that state's law (in all other states where not specifically required by state law, Audi requests that the owner provide the written notification). The owner should send written notification to:

Audi of America, Inc.
ATTN: Consumer Resolution Group
3800 Hamlin Road Auburn Hills, MI 48326

IMPORTANT NOTICE: Depending on the state's law, the owner may also be required to submit their complaint to BBB AUTO LINE before seeking other remedies. Please refer to the information under the title Informal dispute mechanism ⇨ *page 2, Informal dispute mechanism*in this booklet for more information about the BBB AUTO LINE dispute resolution program.

Because each state has enacted specific provisions as part of its lemon law, owners are advised to research and follow the laws in their state.

NOTICE TO CALIFORNIA PURCHASERS

Audi participates in BBB AUTO LINE, an arbitration program administered by the Better Business Bureau National Programs (1676 International Drive, Suite 550, McLean, VA 22102). BBB AUTO LINE and Audi have been certified by the Arbitration Certification Program of the California Department of Consumer Affairs.

If you have a problem arising under an Audi written warranty, we request that you bring it to our attention. If we are unable to resolve it, you may file a claim with BBB AUTO LINE. Claims must be filed with BBB AUTO LINE within six (6) months after the expiration of the warranty.

To file a claim with BBB AUTO LINE, call: ▶

Tel.: 1 (800) 955-5100

There is no charge for the call.

In order to file a claim with BBB AUTO LINE, you will have to provide your name and address, the brand name and vehicle identification number (VIN) of your vehicle, and a statement of the nature of your problem or complaint. You will also be asked to provide: the approximate date of your acquisition of the vehicle, the vehicle's current mileage, the approximate date and mileage at the time any problem(s) were first brought to the attention of Audi or one of our dealers, and a statement of the relief you are seeking.

BBB AUTO LINE staff may try to help resolve your dispute. If they are not successful, or if you are not satisfied, claims within the program's jurisdiction may be presented to an arbitrator at an informal hearing. The arbitrator's decision should ordinarily be issued within 40 days from the time your complaint is filed; there may be a delay of 7 days if you did not first contact Audi about your problem, or a delay of up to 30 days if the arbitrator requests an inspection/report by an impartial technical expert or further investigation and report by BBB AUTO LINE.

You are required to use BBB AUTO LINE before asserting in court any presumption set forth by California Civil Code Section 1793.22 and before pursuing any legal remedy under 15 U.S.C. 2310(d) with respect to the New Vehicle Limited Warranty. You are not required to use BBB AUTO LINE before pursuing rights and remedies under any other state or Federal law.

California Civil Code Section 1793.2(d) requires that, if Audi or its representative is unable to repair a new motor vehicle to conform to the vehicle's applicable express warranty after a reasonable number of attempts, Audi may be required to replace or repurchase the vehicle. California Civil Code Section 1793.22(b) creates a presumption that Audi has had a reasonable number of attempts to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, one or more of the following occurs:

– The same nonconformity (a failure to conform to the written warranty that substantially impairs the use, value, or safety of the vehicle) results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven AND the nonconformity has been subject to repair two or more times by Audi or its agents AND the buyer or lessee has directly notified Audi of the need for the repair of the nonconformity; OR
– The same nonconformity has been subject to repair 4 or more times by Audi or its agents AND the buyer has notified Audi of the need for the repair of the nonconformity ; OR
– The vehicle is out of service by reason of the repair of nonconformities by Audi or its agents for a cumulative total of more than 30 calendar days after delivery of the vehicle to the buyer.

NOTICE TO AUDI AS REQUIRED BY THIS SECTION SHALL BE SENT TO THE FOLLOWING ADDRESS:

Audi of America, Inc. Consumer Resolution Group
ATTN: Consumer Resolution Group
3800 Hamlin Road Auburn Hills, MI 48326

The following remedies may be sought in BBB AUTO LINE: repairs, reimbursement for money paid to repair a vehicle or other expenses incurred as a result of a vehicle nonconformity, repurchase or replacement of your vehicle, and compensation for damages and remedies available under Audi's written warranty or applicable law.

The following remedies may not be sought in BBB AUTO LINE: punitive or multiple damages, attorney fees, or consequential damages other than as provided in California Civil Code Section 1794(a) and (b).

You may reject the decision issued by a BBB AUTO LINE arbitrator. If you reject the decision, you will be free to pursue further legal action. The arbitrator's decision and any findings will be admissible in a court action.

If you accept the arbitrator's decision, Audi will be bound by the decision, and will comply with the decision within a reasonable time not to exceed 30 days after we receive notice of your ▶

acceptance of the decision. Please call BBB AUTO LINE for further details about the program.

California Propulsion-Related Part Warranties

WARRANTY STATEMENT

California law requires us to provide you with the following Propulsion-Related Part Warranty Statement:

Your warranty rights and obligations

The California Air Resources Board is pleased to explain the zero-emission vehicle warranty on your **model year 2026** vehicle. In California, new zero-emission vehicles must be designed and built in accordance with State regulations. Audi must provide warranty coverage for the propulsion-related parts on your vehicle, including the high voltage battery, for the periods of time listed below, provided the failure was not caused by abuse, neglect or improper maintenance of your vehicle.

Your propulsion-related parts may include parts such as the electric drive motor, inverter, high voltage battery, onboard charger, and associated electronic control units, wiring, and sensors. Where a condition covered by the warranty exists, Audi will repair your vehicle at no cost to you, including diagnosis, parts, and labor.

Manufacturer's warranty coverage:

For 3 years or 50,000 miles, whichever occurs first:

If any propulsion-related part on your vehicle is defective, the part will be repaired or replaced by Audi. This is your Short-Term Defects Warranty.

For 7 years or 70,000 miles, whichever occurs first:

If any propulsion-related part listed in this warranty booklet specifically noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by Audi. This is your Long-Term Defects Warranty.

See: Long-Term Defects Warranty

For 8 years or 100,000 miles, whichever occurs first:

If any high-voltage battery is defective, the part will be repaired or replaced by Audi. This is your high-voltage battery warranty.

– **The Audi e-tron® High Voltage Battery** is warranted for 8 years or 100,000 miles and 70% **SOH** (State of Health), whichever occurs first.

In addition to the Audi new-car warranty, a High-Voltage System Limited Warranty for the high-voltage battery will be issued to the buyer of a new Audi e-tron vehicle either for the eight years after initial delivery or for the first 100,000 miles - whichever occurs first - with regard to all faults of material or workmanship and in the event of an excessive loss of capacity. The lithium-ion battery will experience natural and gradual capacity loss over time. This is considered a normal characteristic of the battery similar to wear and tear, and will vary depending on use. The High-Voltage System Limited Warranty covers any repair to correct a manufacturer's defect in material or workmanship or when the remaining energy content of the battery SOH (State of Health) is below 70% compared to the condition at the time of delivery. If the high-voltage battery needs to be completely replaced under this warranty, your Audi dealer will install a replacement high-voltage battery that will provide a SOH (State of Health) of at least 70%, although the replacement high-voltage battery may not be of an "as new" condition with a SOH of 100%.

The warranty period begins on the date the vehicle is delivered to either the original purchaser or the original lessee; or if the vehicle is first placed in service as a demonstrator or company car, on the date such vehicle is first placed in service.

Audi participates in BBB AUTO LINE, an informal dispute settlement mechanism (or program) administered by the Council of Better Business Bureaus. If you have a problem arising under any Audi written warranty, we request that you bring it to Audi's attention. If we are unable to resolve it, you may file a claim with BBB AUTO LINE. To file a claim with BBB AUTO LINE, call 1 (800) 955-5100. There is no charge for the ▶

call. You are required to use the BBB AUTO LINE program before asserting in court any presumption set forth in California Civil Code Section 1793.22, and before pursuing any legal remedy under 15 U.S.C. 2310(d) with respect to the New Vehicle Limited Warranty. You are not required to use BBB AUTO LINE before pursuing rights and remedies under any other Federal law. Depending on individual State laws, you may or may not be required to use BBB AUTO LINE before pursuing rights and remedies under your State's lemon law. The BBB AUTO LINE program is free of charge to you, but there are some vehicle age and mileage limitations, so please call BBB AUTO LINE at **1 (800) 955-5100** for more details. Further information on the BBB AUTO LINE can be found in the⇨ *page 2, Informal dispute mechanism* section of this booklet.

You may also visit BBB AUTO LINE online to review the guidelines for using this program for any warranty disputes or lemon law claims.

https://bbbprograms.org/programs/all-programs/bbb-autoline/

Owner's Warranty Responsibilities:

As the vehicle owner, you are responsible for the performance of the required maintenance listed in the Maintenance section of the model year 2026 USA Warranty and Maintenance Booklet. Audi recommends that you retain all receipts covering maintenance on your vehicle, but Audi cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to an authorized Audi dealer as soon as a problem exists. The warranty facility should complete the necessary repairs in a reasonable amount of time, which is usually no longer than 30 days.

As the vehicle owner, you should also be aware that Audi may deny you warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact the Audi Customer Experience Center using our toll-free number:

Tel.: 1 (800) 822-2834

or write to the California Air Resources Board at:

California Air Resources Board
4001 Iowa Ave, Riverside, CA 92507
Tel.: 1 (800) 242-4450
helpline@arb.ca.gov

Your Propulsion-Related Parts Warranties

Short-term Propulsion-Related Parts Defects Warranty

For 3 years / 50,000 miles

Audi of America, Inc., an operating unit of Volkswagen Group of America, Inc. ("Audi"), warrants to the original retail purchaser or original lessee and any subsequent purchaser or lessee that every **model year 2026** Audi vehicle imported by Audi and certified for sale and registered in California:

– was designed, built and equipped so as to conform with all applicable requirements of the California Air Resources Board (California ARB) and
– is free from defects in material and workmanship which cause the vehicle to fail to conform with California ARB requirements, including any defect which would cause the vehicle's onboard malfunction indicator to illuminate, for 3 years or 50,000 miles, whichever occurs first.

A warranted part is any part installed in an electric vehicle, or installed in a warranty repair which affects propulsion subject to California Regulations.

The obligation of Audi under this warranty is limited, however, to the following: If within this period a defect in material or workmanship causes the vehicle to fail to conform with California regulations and the vehicle is brought to the workshop of any authorized Audi dealer in the United States, including its territories, the dealer will make repairs as may be required by these regulations free of charge.

These coverages may also be included in the Audi 4 years / 50,000 miles New Vehicle Limited Warranty.

Long-term Propulsion-Related Parts Defects Warranty

For 7 years / 70,000 miles covering certain propulsion-related parts

The following propulsion-related parts marked with "X" are covered for 7 years or 70,000 miles, whichever occurs first:

2026 MY Propulsion-Related 7/70 Parts Coverage[a)]	e-tron® GT	Q4 e-tron®
Air conditioner compressor	X	X
Battery isolator (High-Voltage Battery Control Module SX6)	X	X
Battery module	X	X
Battery Module Control Modules CMCE	X	X
Brake booster	X	X
Brake System Control Module (BSCM)	X	X
Charger for high-voltage battery	X	X

Solenoid valves for coolant circuit	X	X
Voltage transformer	X	X

a) Some parts are covered under the 8 year 80,000 mile Federal Emissions Warranty. Transmission control module coverage only applies to vehicles with automatic transmissions. Please see the Federal Emissions Control System Defect Warranty section of the USA Warranty and Maintenance booklet.

Covered under 8/80 (therefore also 7/70) - All Vehicles

Engine Electronic Control Module (ECM)[a)]	**all vehicles**
On Board Diagnostic Device (OBD)[a)]	
Gateway Control Module[a)]	

a) Some parts are covered under the 8 year 80,000 mile Federal Emissions Warranty. Transmission control module coverage only applies to vehicles with automatic transmissions. Please see the Federal Emissions Control System Defect Warranty section of the USA Warranty and Maintenance booklet.

Additional Information About Your California Warranties

Additional Information

Warranty period

The warranty period begins on the date the vehicle is delivered to either the original purchaser or the original lessee; or if the vehicle is first placed in service as a "demonstrator" or "company" car, on the date such vehicle is first placed in service.

Proper maintenance and use

Instructions for proper maintenance are contained in the Maintenance section of the model year 2026 USA Warranty and Maintenance Booklet. Time and mileage intervals at which maintenance is to be performed, may vary from model to model.

Audi recommends you keep a record of scheduled maintenance performed by having the Maintenance section of the model year 2026 USA Warranty and Maintenance Booklet validated at the approximate time or mileage intervals by an authorized Audi dealer, and that you provide these records to the new owner whenever you sell the vehicle.

Failure to maintain your vehicle according to the instruction for proper maintenance may cause the vehicle to exceed applicable regulatory standards and could result in denial of warranty coverage. However, Audi will not deny a warranty claim solely on the basis of your failure to maintain the vehicle according to the instructions or failure to keep a record of maintenance.

Instructions for proper use of the vehicle are contained in your Audi Owner's Manual.

Use of Audi Genuine Parts

Audi recommends that Audi Genuine Parts be used as replacement parts for the maintenance, repair or replacement of emission control systems. Use of replacement parts which are not equivalent to Audi Genuine Parts in emission performance and durability may impair the effectiveness of emission control systems. Although use of parts other than Audi Genuine Parts does not invalidate these warranties, Audi assumes no liability under these warranties for failure of such parts and damage to other parts caused by such failure.

Maintenance and repairs performed by independent service shops

Without invalidating these warranties, you may choose to have maintenance, repair or replacement of emission control components performed by any automotive service establishment or individual qualified to perform such services. However, the cost of such services is not covered by these warranties except in emergencies. If the independent service establishment finds a ▶

warrantable defect, you may deliver the vehicle to an authorized Audi dealer and have the defect corrected free of charge. **Audi will not be liable for any expenses which you have incurred at the independent service establishment, except for emergency repairs**. See Emergency Repairs ⇨ *page 10, Emergency repairs*for further details.

Parts not scheduled for inspection or replacement

Any part, which is not scheduled for inspection or replacement at maintenance intervals specified in the Maintenance section of the model year 2026 USA Warranty and Maintenance Booklet, is covered by this warranty for the full warranty period. Any such parts repaired or replaced under warranty are warranted for the remaining warranty period.

Scheduled part inspection or replacement

A part scheduled only for inspection in accordance with Audi's instructions or required scheduled maintenance is covered for the duration of these warranties.

A part installed in accordance with Audi's instructions or required scheduled maintenance is warranted until the next scheduled replacement interval for the duration of these warranties.

Damage to non-warranty parts

If failure of a warranted part causes damage to a part not covered by warranty, the non-warranted part will also be replaced free of charge.

Emergency repairs

Emergency repairs performed by a non-Audi service facility will be reimbursed if the repair work was needed and correctly performed, and it was impossible or unreasonable under the circumstances to tow or drive your Audi to the nearest authorized Audi dealer. The maximum reimbursement allowable is an amount equal to the cost if your authorized Audi dealer had completed the repair(s). Reimbursement will be considered when you submit all of the following items to your authorized Audi dealer:

– A statement explaining the circumstances that prevented you from getting to an authorized Audi dealer
– Paid receipt(s)
– Repair order(s)
– Part(s) removed from your Audi

Damage caused by tampering, use of improper fuel, abuse, neglect and improper maintenance

These warranties do not cover any damage to the vehicle caused by tampering with emission controls, use of fuel containing lead, or fuel not meeting the specifications set forth in the Owner's Manual, and abuse, neglect or improper maintenance of the vehicle. Diagnosis and repair of such damage are at the expense of the owner.

Implied warranties

Any implied warranty, including any warranty of merchantability or warranty of fitness for a particular purpose, is limited in duration to the stated period of these written warranties.

Incidental and consequential damages

These warranties do not cover any incidental or consequential damages, such as loss of resale value, lost profits or earnings, and out-of-pocket expenses for substitute transportation or lodging.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so this limitation or exclusion may not apply to you

Service Publications

Updated service information you can obtain

Audi monitors product performance in the field and regularly sends Audi dealers the latest service information about Audi vehicles. Now you too, can obtain the latest service information. Your Audi dealer or a qualified technician may have to determine if a specific item of service information applies to your vehicle. You can order Audi service information and Owner's Literature 24 hours / 7 days a week on the Internet from the Audi Technical Literature Ordering Center link at: ▶

literature.audiusa.com

Digital Owner's Literature Tool

You can also access your owner's literature by visiting:
