Your Ownership Experience

Dear Owner,

Our goal is to ensure you have a fun, pleasant, and seamless ownership experience with your Volkswagen. This booklet is meant to serve as a guide to inform you of the warranties, maintenance intervals, and other complimentary services that Volkswagen extends to you.

Pre-delivery inspection

Prior to delivery, your Volkswagen dealership completed an extensive, detailed inspection of your vehicle. Upon delivery, you were provided the keys to your Volkswagen, in addition to an owner's literature package.

24-Hour Roadside Assistance

As a Volkswagen owner, you are provided with the protection of a 24-Hour Roadside Assistance Program when you travel within the United States and Puerto Rico. It is available 24 hours a day, 365 days a year, and continues for 3 years or 36,000 miles, whichever occurs first, from your vehicle's in-service date. For additional details, please see → page 4, *The Volkswagen 24-Hour Roadside Assistance Program* section of this booklet.

Warranty package

To further demonstrate our commitment to you, Volkswagen provides you with several limited warranties which are applicable to your Model Year 2025 vehicle. More detailed information about these warranties are found in the → page 8, *Warranties* section of this booklet.

General Owner Responsibilities

Taking Delivery

As you take delivery of your new Volkswagen, it is important for you to be aware of the things you can do to help make owning this vehicle as satisfying as driving it!

Owner's manual

Please become familiar with the information in your Owner's Manual. The manual details procedures for proper vehicle operation, and includes tips for maintenance and care which can help to extend the life of parts, such as the convertible top, battery, and trim items.

Maintenance Services

With proper care and maintenance, your Volkswagen will continue to give you a dependable and safe driving experience. Outlined in the "Maintenance" section of this booklet is the recommended service interval schedule, along with other important information that you need to know in order to care for your vehicle.

Replacement parts

To ensure longevity and optimal performance, it is recommended to only use **Genuine Volkswagen Parts** when you replace a component on your vehicle. These parts are designed specifically to fit your vehicle and are manufactured to the highest standard for reliability and durability. Your warranty coverage does not depend on the use of any particular brand of replacement part; however replacement parts that are non-Genuine Volkswagen Parts, or any damage or return failures resulting from the use of those parts are not covered under Volkswagen's warranty.

Warranty coverage

Volkswagen's confidence in its vehicles is demonstrated by the extensive warranties provided for you.

- ◀ To obtain service under the an applicable factory warranty, the vehicle must be brought upon discovery of a defect in manufacturer's material or workmanship to a Volkswagen dealer in the United States, including its territories. ▶

! NOTICE

Important

- In all circumstances, please keep completed documents with details of the maintenance services that have been performed, as they may be required for warranty coverage in special situations.
- Note: Although Volkswagen may not deny a warranty claim based solely on inadequate maintenance records, the failure to produce maintenance records can be a factor in denying warranty coverage if the vehicle has not been properly maintained.

Customer Satisfaction and Assistance

Your satisfaction and vehicle ownership experience is our priority.

Volkswagen Dealer Assistance

If you have additional questions, concerns or are unsatisfied with your service experience, Volkswagen Customer Assistance is available to you.

If you have questions or concerns regarding the service you received, your dealership's management staff would appreciate the opportunity to assist. They are committed to providing you with the best experience possible.

Independent Dispute Resolution Program

Informal dispute mechanism

Volkswagen participates in BBB AUTO LINE, an arbitration program administered by the Better Business Bureau National Programs (1676 International Dr Suite 550, McLean, VA 22102).

If you have a problem arising under any Volkswagen written warranty, we request that you bring it to Volkswagen's attention. If we are unable to resolve it, you may file a claim with BBB AUTO LINE. You are required to use the BBB AUTO LINE program before asserting in court any presumption set forth in California Civil Code Section 1793.22, and before pursuing any legal remedy under 15 U.S.C. 2310(d) with respect to the New Vehicle Limited Warranty. You are not required to use BBB AUTO LINE before pursuing rights and remedies under any other federal law. Depending on individual State laws, you may or may not be required to use BBB AUTO LINE before pursuing rights and remedies under your State's lemon law. The BBB AUTO LINE program is free of charge to you, but there are some vehicle age and mileage limitations, so please call BBB AUTO LINE for more details.

To file a claim with BBB AUTO LINE, call:

Tel.: **1 (800) 955-5100**

If you call BBB AUTO LINE, please be prepared to provide the following information:

- Your name and address
- The Vehicle Identification Number (VIN)
- The make, model, and model year of your vehicle
- The delivery date and current mileage of your vehicle
- A description of the concern with your vehicle

The BBB AUTO LINE program is an arbitration program. The BBB Staff will work with both parties in an effort to resolve your claim. If you do not agree with the solution you may proceed to an arbitration hearing. ▶

Arbitration is a process by which an impartial person makes a decision on your claim. The arbitrators are not connected with the automobile industry and serve on a voluntary basis. You may attend the hearing in person, bring witnesses, and give supporting evidence. Instead of appearing in person, you may request a written or even a telephone arbitration hearing. The BBB shall make every effort to obtain a final resolution of your claim within 5 business days of the hearing (that is, within 40 days of when your claim was filed), unless state or federal law provides otherwise. You then have the opportunity to accept or reject the decision.

- If you accept the decision, the manufacturer will be bound by the decision and will be required to fulfill its obligation within the time frame specified by the arbitrator.
- If you reject the decision, you are free to pursue other legal remedies available under state or federal law, and the manufacturer will not be required to comply with any part of the decision.

Collection of Personal Information

In order to provide you this warranty, your VW dealer and VW will need to collect, store, use and disclose certain information about you including information that may specifically identify you or your vehicle or that may include other information about you including, for example, when you register for, purchase or use products or services including a new or used vehicle.

For more information regarding how your VW dealer may use your personal information, you can visit its website. For information regarding how VW collects and uses personal information, visit our website at:

State-Specific Lemon Laws

Local laws

Each state has enacted warranty enforcement laws (commonly referred to as “lemon laws”) that permit owners to obtain a replacement vehi-

cle or a refund of the purchase price under certain circumstances. Although the provisions of these laws vary from state to state, their intent is to provide owners with certain rights if they experience significant service-related difficulties with their new vehicle.

IMPORTANT NOTICE: To the extent allowed by each state's law, Volkswagen requires that you first send written notification to Volkswagen explaining the nonconformity that you have experienced with the vehicle, and to allow Volkswagen the opportunity to make any needed repairs before you pursue other remedies provided by that state's law (in all other states where not specifically required by state law, Volkswagen requests that you provide the written notification). Send written notification to:

**Volkswagen Group of America, Inc.
Customer Resolution Group
3800 Hamlin Road
Auburn Hills, MI 48326**

◀ **IMPORTANT NOTICE:** Depending on the state's law, you may also be required to submit your complaint to BBB AUTO LINE before seeking other remedies. Please refer to the → page 5, *Independent Dispute Resolution Program* section of this booklet for more information about the BBB AUTO LINE dispute resolution program.

Because each state has enacted specific provisions as part of its lemon law, Volkswagen suggests that you research and follow the laws in your state. ▶

BBB AUTO LINE and Volkswagen have been certified by the Arbitration Certification Program of the California Department of Consumer Affairs.

If you have a problem arising under any Volkswagen written warranty, we request that you bring it to Volkswagen's attention. If we are unable to resolve it, you may file a claim with BBB AUTO LINE. Claims must be filed with BBB AUTO LINE within six (6) months after the expiration of the warranty. ▶

To file a claim with BBB AUTO LINE, call:

Tel.: **1 (800) 955-5100**

There is no charge for the call.

In order to file a claim with BBB AUTO LINE, you will have to provide your name and address, the brand name and Vehicle Identification Number (VIN) of your vehicle, and a statement of the nature of your problem or complaint. You will also be asked to provide: the approximate date of your acquisition of the vehicle, the vehicle's current mileage, the approximate date and mileage at the time any problem(s) were first brought to the attention of Volkswagen or one of our dealers, and a statement of the relief you are seeking.

BBB AUTO LINE staff may try to help you resolve your dispute by facilitating communication between you and the manufacturer. If you do not wish to facilitate a resolution, claims within the program's jurisdiction may be presented to an arbitrator at an informal hearing. The arbitrator's decision should ordinarily be issued within 40 days from the time your complaint is filed; there may be a delay of 7 days if you did not first contact Volkswagen about your problem, or a delay of up to 30 days if the arbitrator requests an inspection/report by an impartial technical expert or further investigation and report by BBB AUTO LINE.

You are required to use BBB AUTO LINE before asserting in court any rights or remedies conferred by California Civil Code Section 1793.22. You are required to use BBB AUTO LINE before pursuing rights and remedies under any other state or federal law.

California Civil Code Section 1793.2(d) requires that, if Volkswagen or its representative is unable to repair a new motor vehicle to conform to the vehicle's applicable express warranty after a reasonable number of attempts, Volkswagen may be required to replace or repurchase the vehicle. California Civil Code Section 1793.22(b) creates a presumption that Volkswagen has had a reasonable number of attempts to conform the vehicle to its applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the vehicle's odometer, whichever occurs first, one or more of the following occurs:

- The same nonconformity (a failure to conform to the written warranty that substantially impairs the use, value, or safety of the vehicle) results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven AND the nonconformity has been subject to repair two or more times by Volkswagen or its agents AND the buyer or lessee has directly notified Volkswagen of the need for the repair of the nonconformity; OR
- The same nonconformity has been subject to repair 4 or more times by Volkswagen or its agents AND the buyer has notified Volkswagen of the need for the repair of the nonconformity; OR
- The vehicle is out of service by reason of the repair of non-conformities by Volkswagen or its agents for a cumulative total of more than 30 calendar days after delivery of the vehicle to the buyer.

NOTICE TO VOLKSWAGEN AS REQUIRED ABOVE SHALL BE SENT TO THE FOLLOWING ADDRESS:

**Volkswagen Group of America, Inc.
Customer Resolution Group
3800 Hamlin Road
Auburn Hills, MI 48326**

The following remedies may be sought in BBB AUTO LINE: repairs, reimbursement for money paid to repair a vehicle or other expenses incurred as a result of a vehicle nonconformity, repurchase or replacement of your vehicle, and compensation for damages and remedies available under Volkswagen's written warranty or applicable law.

The following remedies may not be sought in BBB AUTO LINE: punitive or multiple damages, attorney fees, or consequential damages other than as provided in California Civil Code Section 1794(a) and (b).

You may reject the decision issued by a BBB AUTO LINE arbitrator. If you reject the decision, you will be free to pursue further legal action. The arbitrator's decision and any findings will be admissible in a court action.

If you accept the arbitrator's decision, Volkswagen will be bound by the decision, and will comply with the decision within a reasonable time not to exceed 30 days after we receive notice of your acceptance of the decision.

Please call BBB AUTO LINE for further details about the program.

Vehicles exported outside of the U.S. do not have warranties covered by VWoA. An authorized Volkswagen Dealer in any other country has no obligation to provide warranty service to such vehicle. If a customer is operating the vehicle outside the United States and its territories, and experiences a problem with the vehicle, it is recommended that the customer contact the local Volkswagen Dealer.

When the warranty period begins

The warranty period begins on the date the vehicle is delivered to either the original purchaser or the original lessee; or if the vehicle is first placed in service as a "demonstrator" or "company" car, on the date such vehicle is first placed in service.

Exported Vehicles/Warranty Outside of the United States

The warranty coverage for a U.S. vehicle that is sold by an authorized Volkswagen Dealer in the U.S. is only applicable and valid in the United States and its territories. Vehicles exported outside of the U.S. do not have warranties covered by VWoA. An authorized Volkswagen Dealer in any other country has no obligation to provide warranty service to such vehicle. If a customer is operating the vehicle outside the United States and its territories, and experiences a problem with the vehicle, it is recommended that the customer contact the local Volkswagen Dealer.

When the warranty period begins

The warranty period begins on the date the vehicle is delivered to either the original purchaser or the original lessee; or if the vehicle is first placed in service as a “demonstrator” or “company” car, on the date such vehicle is first placed in service.

This Limited Warranty Against Corrosion Perforation is automatically transferred without cost if the ownership of the vehicle changes within the warranty period.

Free of charge repair

Repairs under this limited warranty are made free of charge. A Volkswagen dealer will repair the defective part or replace it with a **new or re-manufactured** Genuine Volkswagen Part.

 Your Volkswagen vehicle is corrosion protected at the factory. You do not need to purchase rustproofing when you buy your Volkswagen vehicle in order to keep this warranty in effect.

What is not covered

Surface corrosion without perforation

Repairs are covered under this limited warranty only if there is a rust-through condition in the body sheet metal not caused by outside influences.

Perforation of sheet metal due to accident, lack of care, or failure to repair or modifications to the paint/painted surface

This limited warranty does not cover corrosion perforation resulting from the failure to promptly repair paint damage, damaged undercoating, or surface corrosion.

It does not cover damage due to failure to wash or otherwise regularly care for the vehicle as described in the Volkswagen Owner's Manual.

This limited warranty does not cover corrosion perforation resulting from unrepaired collision damage or improper collision repair.

Special exclusion for any aluminum portions that may be part of your Volkswagen vehicle

This limited warranty does not cover corrosion perforation due to failure to perform body repairs in accordance with Volkswagen's specified repair procedures, including use of **non-aluminum alloy parts**.

It does not cover corrosion perforation resulting from the use of any inferior rustproofing agent or method.

Your Volkswagen dealer will do its best to match your vehicle's original finish, but this limited warranty does not cover the cost of painting the entire vehicle solely for paint matching.

Environmental damage

This limited warranty does not cover damage, malfunctions, or symptoms resulting from stones, floodwater, airborne industrial pollutants (e.g., acid rain), bird droppings, windstorms, tree sap, plant debris, or other similar materials or occurrences.

Corrosion perforation because of failure to rustproof when collision damage is repaired

Body parts that have been repaired or newly installed after a collision must be treated with a rustproofing agent that is compatible with Volkswagen's own factory corrosion protection. If you

fail to have your vehicle treated in this way after a collision, Volkswagen will not be responsible for the repair of any resulting rust-through.

The "Other Terms" presented in the New Vehicle Limited Warranty also apply to this warranty. <

The vehicle's original in-service date is defined as the date the vehicle was delivered to either the original purchaser or the original lessee; or if the vehicle was first placed in service as a "demonstrator" or "company" car, on the date such vehicle was first placed in service.

This limited warranty does not apply to vehicles used for commercial purposes including but not limited to taxi, courier or delivery service, or limousine.

If a commercial vehicle is sold to a subsequent retail owner, this warranty still does not apply.

Any implied warranty, including any implied warranty of merchantability or warranty of fitness for a particular purpose, is limited in duration to the period of this written warranty. Some states do not allow limitations on how long an implied warranty lasts, so this limitation may not apply to you.

Coverage may not return the high-voltage battery to an "as new" condition with 100% net capacity, but it will provide the vehicle with a net capacity level of at least 70%.
